

The Kemper Teen Arts Council is curating a digital art exhibition! Featuring juried submissions from area teens **ages 13-18**, and accessible through the Kemper Museum smartphone App, this digital-only exhibition will be available in conjunction with an exhibition of works from Kemper Museum's Permanent Collection curated by the Kemper Teen Arts Council and on view in the Meeting Room Gallery.

This exhibition is open to middle and high school students, **ages 13-18**, living in the greater Kansas City metropolitan area. There is no entry fee, and you may enter up to five works of any medium* 2D or 3D. *Artwork must represent one or more of the following themes:*

- Stereotypes
- Identity
- Culture

***Note that the ACTUAL artwork will not be displayed, but rather the submitted image file (.jpg, .png, .tif) of the work will be included in a digital-only exhibition on view through the Kemper Museum smartphone App.**

QUESTIONS FOR SUBMISSION

If I am entering more than one work, should I send all my submissions in one email? Or one email for each work? If possible, please submit one email for all your entries, being sure to include the required information for each.

What if my image is too large to email? I don't want to reduce the quality of the photo... If you are having trouble with your file size, we suggest using Wetransfer.com (it's free!) to send larger image files. Please include your name in the subject field, so your image can be reunited with your email submission.

What if this piece of artwork is a collaboration between multiple people? Work created by multiple artists are allowed, just be sure to include the names of everyone involved!

Are video works allowed? Yes.

How will I know if I have been accepted? All submissions will receive an email confirming if they've been selected for the exhibition or not.
